Tuesday, October 7th 4-6:30pm

We are now contracted with a number of private insurance companies as well as Medicare and Medicaid. Please bring your insurance card with you, as we may be able to bill for your vaccine.

- Cost this year- \$15 fee for Hocking Co. Residents, \$25 for out of county.
- If you are 18 years old or younger – there is no fee, this vaccine is supplied through the Ohio Department of Health.
- We will have quadrivalent flu vaccine this year, which means there will be protection against 4 strains of flu instead of the usual 3.

CDC's Advisory Committee on Immunization Practices (ACIP) voted for "universal" flu vaccination in the U.S. to expand protection against the flu to more people. Anyone 9 years of age and older will only need one flu shot this year. All children 6 months through 8 years of age are recommended to receive 2 doses of flu vaccine if this is their first year for a flu shot.

Please note, the health department is now located at 350 St. Rt. 664N, Logan. For questions regarding the flu or when flu clinics will be held, please visit our website at www.hockingcountyhealthdepartment.com or call us at 385-3030 ext. 1.
